on Saturday, March 22, 2025 at the Sleepy Eye Auction Market.
Online Auction opens on Thursday, March 20th and closes
Saturday, March 22nd at 1:00 pm on DV Auction.
~ RACE HORSE STYLE ~

SALE INFORMATION

**Welcome fellow Cattlemen & Women
to the 3rd Annual Bull Sale here at the
Sleepy Eye Auction Market!**

The Sleepy Eye Auction Market is a family-owned business that has been working for our customers for over 75 years. Many changes have happened over those 75+ years in operation. The latest of those changes has been the addition of the Pride of the Midwest Bull Sale. We wanted to be able to provide top quality bulls to our customers from a select few local breeders. We found three excellent families! These are local, hardworking farm families doing their best to bring the best genetics and performance to their breeds. They firmly believe in the quality livestock they produce and stand behind them. These bulls will definitely speak for themselves. They will be a great addition to any herd looking to improve their genetics and produce top quality cattle.

The Sleepy Eye Auction Market would also like the opportunity to work for you. We are again offering half off the commission rate for one year on the feeder calves you sell through the sale barn if you purchase a bull at the Pride of the Midwest Bull Sale. We have weekly cattle sales every Wednesday starting at 10:30 am. Our feeder and production sales are held every 3rd Saturday November through March, then every 3rd Wednesday April through October. Make sure to contact us for your early consignments which will be listed on our website and Facebook page. If you're in the market for hay or bedding or have extra that you want to find a new home for, we can help you out with that also. Hay sales are held at the Sale Barn every 2nd and 4th Wednesday each month, year-round. Hay sales start at 9 am. Need trucking, not a problem. We can get you in contact with some local truckers who offer reasonably priced rates on both hay and livestock. We look forward to serving you. Please contact us with any questions.

Thank you for your interest in our Bull Sale.

**The Sleepy Eye Auction Market Family
YOUR LOCAL LIVESTOCK CONNECTION!**

Bulls will sell Race Horse Style:

- This sale is a timed event and all bidding happens online at DVAAuction.com
- The sale will be listed on the DVAAuction homepage under the heading "Upcoming Timed Events"
- There will be links to the catalog, videos of each lot and sale details.
- Videos will be posted on DVAAuction.com
- On sale day, bidding will open at noon with a starting price for each lot. You can start bidding at this time.
- Bids will begin to close at 1 pm. If a bid is placed within 5 minutes, the sale will extend for another 5 minutes. This continues until no bids are placed for 5 minutes. Then the sale is closed. All lots close at the same time.

Closes March 22, 2025 starting at 1 PM CST on DV Auction.

Cattle can be viewed at Sleepy Eye Auction Market on Sat. 3/22 from 9 AM-1 PM.

A complimentary lunch will be provided during the open house viewing.

Sale Day Contacts:

Steve Campbell	507-380-3074
Jeff Springer	641-330-6654
Bob Stevens	507-327-0414
Dean Guggisberg.....	507-829-2526
Mark Manderfeld	507-227-4036
Aaron Portner.....	507-766-7061

The Sleepy Eye Auction Market is offering a 50% reduction of the commission of your feeder calves sold through the sale barn if you purchase a bull through the auction. This will only apply to calves born and raised the year the bull was purchased.

Guarantee: All bulls selling are guaranteed to be in good health and are guaranteed to be sound breeders. All bulls selling are guaranteed against breeding injury during the first breeding season. Breeding season is defined as the 90 day period following the first turnout of the bull. If an adequate replacement is available, one will be provided, or if the buyer prefers, credit will be given in the following year's sale, less salvage value. Please notify the seller as soon as possible should an injury occur and prior to the injured bull being sold for salvage. All injured bulls must be diagnosed by a veterinarian with a copy sent to the seller. Death of the bull is not covered and the purchase of livestock mortality insurance to mitigate this type of loss is recommended.

Absentee/Online Bidding: Bidding will be online via DV Auction. If you are unable to access DV, please contact the seller(s) or Sleepy Eye Auction Market.

Volume Discounts: 2% - 2 bulls, 3% - 3 bulls, 4% - 4 bulls, 5% - 5 or more.

Delivery: Free delivery on Bulls within 250 miles; balance at cost. Receive a \$100 discount per Bull that you haul on sale day. We'll assist you with long distance delivery to be done as soon as possible and cost efficient after the sale.

Herd Health: Cattle all follow a veterinarian recommended protocol from birth to current day. The aged bulls will have passed a breeding soundness exam. Yearling bulls will be examined prior to May 1 and sell guaranteed to pass. Health papers will be available. International health papers will be at the buyer's expense.

Liability: All persons who attend do so at their own risk, legal or otherwise, for the safety of the animals. The owners assume no liabilities for property loss or any accidents that occur.

Insurance: Buyer assumes risk immediately at the close of the sale. We strongly recommend purchasing mortality insurance. Martin-Trudeau 605-996-3106

Pride of the Midwest Bull Sale

Timm Bever 507-828-4798
 Veronica Bever 507-828-2516
 BeverAngus@gmail.com

It is with great excitement that we welcome you to our 2025 annual bull sale. We had a great turn out last year and would like to again thank everyone who purchased, attended or showed interest.

Our goal is to set the bar for quality and consistency a little higher each year and I believe that it shows in this year's offering.

Most of these bulls are the result of our extensive embryo transfer and AI program. The females behind these bulls are the kind to build a herd around. With the profitability of the commercial cattlemen in mind, we focus heavily on fertility, longevity, foot and udder quality and performance.

Each year we make an effort to tour the bull studs and select breeders across the country to select a handful of bulls that we think will improve our program and work for our customers.

We are blessed to work with a great team of nutritionist's from JR Feeds in Lake Norden, SD to build our rations and develop our bulls. We feed a high roughage TMR ration with focus on developing muscle expression and bone structure to ensure soundness and longevity. Our fall bulls are developed a little slower from weaning to yearling to not get too big by breeding season, as deflected by their yearling weights.

We know there are plenty of places to buy bulls. Our commitment to you is that we will work hard every day to improve our cattle and provide the upmost support for our customers in any way we can.

Thank you again for your interest and we hope to see you all in person March 22nd or anytime prior to the sale to evaluate a great set of bulls and shake hands.

Thank you,
 Timm, Veronica, Noah Bever

YEARLING AND 15 MONTH OLD BULLS

Lot 1 BEVER SHOWCASE 407

Leading off this years sale is an exceptional set of flush brothers sired by Hart Showcase. A set of bulls as complete as we have every raised. Strong angus phenotype, very balanced in their design with sustainable performance and balanced EPD profiles. Their full sisters are standouts in the replacement pen. The dam of the these herd bull prospects is one of the great angus cows I have had the pleasure of owning and her progeny continues to impress.

Lot 1 - Recommended for bigger framed heifers and cows.

This bull has been a visitor favorite since early on. Barricade has done a tremendous job for us and this bull is no exception. His dam is an ideal angus female. Easy fleshing, very fertile, tight uddered, good disposition standing on great feet is how I would describe his dam. This bull follows in her footsteps and should sire exceptional females to make a lasting impact. Recommended for cows.

Big barreled, high performing, easy keeping Rawhide son out of a very calm in disposition and perfect uddered first calf heifer. This guy knocked it out of the park and is hard to miss in the pen. With his stacked pedigree and performance data make him an excellent prospect to smash the scales down with your next calf crop. Recommended for cows.

JJ HANSON HEREFORDS

Brandon & Jody Anderson 605-380-7434 or 507-276-8577
JJHansonHerefords@outlook.com • www.JJHansonHerefords.com

For those new to our program, we started our journey in 2001 with a pair of heifers. Today we run a herd of 70 spring calving registered Herefords in Comfrey, MN. The herd is managed by Brandon & Jody Anderson along with Jody's parents, Jim & Jeri Hanson. For our returning customers, welcome back! We appreciate all of you taking a moment to view our cattle & we look forward to discussing this group with you!

We've worked hard over the past several years to add genetics that push our herd forward in carcass traits while maintaining maternal foundation. We are excited to offer some of the first Entice (33J) & Adonis (19J) calves. These two were brought in to complement the Blueprint (308) & Partner (79H) daughters. As you look through the pedigrees & footnotes, you'll notice we mention the Winnie cow family. Winnie was foundation female we bought from Bar JZ many years ago for her maternal traits. Today, we have several generations in our herd and sleep easy knowing the daughters will add value to any herd. We want to ensure your investment has longevity, so the bulls are not pushed to gain at rapid rates. They're housed in an outdoor lot on a high roughage, low energy diet with free choice hay & minerals. All bulls have been DNA tested.

Value Based Genetics is a group of simmental genetic producers that have the same goals and commitment to producing superior seed-stock. Started by Jeff Springer of Springer Simmentals, there are forty five years of stringent selection and balancing genetics to improve your bottom line. With Stevens Cattle Company and S & J Farms added to the group the genetic pool was expanded making for even tougher criteria for bulls to make it to a sale.

All bulls are fed rations developed by JR Distributing of Lake Norden SD. This is a program of low energy and high forage and it fits our bulls well as they thrive on forage. We like bulls that look, act and work the way herd bulls should. Powerful, wide topped, big boned and deep ribbed structures that will add thickness and pounds to your calves.

SIMMENTAL BULL OFFERING

Lot 39 STBA M407 HONOR

We all know what pays the bills and that is pounds! Larger birthweights mean heavier weaning weights! A son out of the now deceased sire that is the base of the Springer Simmental herd, Erixon Bitten 203A!

If SimAngus is what you are looking for, check out this baldy. A wise cattle man once told me to always look at a bull's dam because that's what your herd will look like in five years. The 21E cow is a big powerful cow with a great udder and feet. Combined with Antidote, this bull walks and talks the part!
